THE BAND .- The services of this very popular branch of the military service having expired a week or two ago, the members declined to reenlist without an advance of pay. We understand that efforts will be made immediately to reorganize the band, under the leadership of Mr. Berger, to whom belongs the credit of training it to a degree of perfection which has excited the admiration of foreign musical artists. Hawaiians are naturally fond of music and the cultivation of their musical tastes ought to receive as it has, the national support. The proficiency of the band trust it will be restored to its former efficiency under the leadership of Mr. Berger.
